YEAR 10 MT. JAGUNAL BUSHWALK

The Year 10 Outdoor Education group headed off to Mt.Jagungal for a three day Bushwalk. With a stop at Corryong and a stock up of sausage rolls, the students were ready for adventure. We arrived at the start of the walk and the students compared how heavy their packs were and were raring to go. The students kept a fantastic speed even with around fifty flies on each of us. We arrived at camp at 4:30pm with some sore bodies, the next challenge was to cook their own meals on a Trangia, with pasta and rice the main dish for most of the students, Holly's meal looked one of the best with pasta, corn and tuna. The students were off to bed early ready for a big day tomorrow.

On Thursday, most students got up at around 7:30am and cooked their breakfast, until the rain set in. We waited in our tents for around 30 minutes until the rain went and we then started to take down our tents and hit the road. With a cracking pace again, we got to the Tumut River, where unfortunately we could not climb Mt.Jagungal due to the bad weather, so we kept going until the girls saw a scary animal. While the girls were petrified, Abbey was the one that kept walking saying it will be fine and the girls found amusement when the wild pig ran off with Line, our exchange student seeing another sight of Australia. We got to the hut for lunch and accepted the challenge to add another eleven kilometres onto the days walk. We got past the first small river and after 30 minutes Tom realised he had a leech on him in which we had to burn off. The students did a terrific job with the walk even the last 1.5km hill climb. We arrived at the hut, set up and ate dinner.

The last day was a little walk left back to the bus, we stopped off at Corryong for a snack with most of the students craving chips and gravy. We arrived home at 2:00pm, dried off their tents and that was the end of the week.

The students did a terrific job with most of them being their first bushwalk, they kept a fantastic pace, did a great job setting up and packing up the tents and all worked together. Thanks to Mr. Smith, Miss Gregotski and Keely for the trip.
