## Principals Report

### End of Term 1

I would like to take this opportunity to thank all staff for the fantastic job that they have done this Term to establish the 2017 school year.

With this term being only nine weeks long, a lot had to be achieved within this short period of time. I wish all students and staff have a relaxing and enjoyable break over the next two weeks. I remind parents that students will be dismissed on Friday at 2.30pm. School busses will arrive earlier to take into account the earlier dismissal time.

### Athletics Carnival - Thursday 30th March

This Thursday, the College will hold its annual house athletic sports carnival.

The carnival will be held at the Wodonga Athletics track on Thursday March 30th from 8:45am. Students are reminded to be Sun Smart, wear a hat and apply sunscreen regularly. The Carnival is expected to have a 2:30pm finish, students will be dismissed from the venue. There will be a bus to take students to and from the venue as needed.

### Student Progress Interviews - Wednesday 29th March 4 to 8pm

On Wednesday March 29th the College will be holding its first round of student progress interviews for the year. These will be held from 4:00pm to 8:00pm in the Brockley Street building. This is time for students to reflect on their achievements in their classes and seek feedback about their progress throughout this first term. The College has implemented an online booking system to allow you to book interviews with teachers at times that suit your family. Further information will be made available on the College website: <http://www.wssc.vic.edu.au/?p=25848>

## Multicultural Day

Multicultural day has been running at WSSC on an annual basis over the past three years. The day aims to educate students of the different cultures present in our own society within Australia and across the world.

Our own multicultural day brings together our school cohort, both international and local students and staff, in order to spread diversity and form closer relationships within the school to enhance the culture and wellbeing of students. Over the years, the day has always had a vast array of different engaging activities for the students to be involved in.

## Careers in Health Forum

More than 180 students from 11 local schools attended the inaugural Careers in Health Forum last week. This year's forum was held at La Trobe University Wodonga campus.

Students could choose from 30 sessions giving them the opportunity to gain a greater understanding of the areas in the field of health that they are interested in studying further.

During the break at lunch, students had the opportunity to speak to presenters and education providers about the various pathways into the health profession.

The aim of the event was to provide students in the region the opportunity to access information about the field of health, allowing them to make the right tertiary choices for their future.

“Events like this all help in the decision making process when it comes to choosing the right tertiary study path, it's great to see so many students wanting to access this information” said Jim Moylan, Wodonga Senior Secondary College Careers Coordinator.
