

Dear Parent/Guardian,

Wodonga Senior Secondary College is looking forward to another great year of teaching and learning and would like to advise you of Wodonga Senior Secondary College's voluntary financial contributions for our Year 10 program in Semester 1, 2022.

Schools provide students with free instruction to fulfil the standard Victorian Curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our college can continue to offer the best possible education and support for our students. We appreciate your patience as we transition to our new curriculum contribution processes. We are doing everything we can to make this process as clear as possible for our families.

We want to thank you for all your support to ensure we can provide your child with the best possible education and support they need to achieve their desired pathway. This will make an enormous difference to our college and the programs we can continue to offer with your support.

Within the College this support has allowed us to provide an enriched learning and teaching program for every student and is highly valued by our school community. The commitment from parents to contribute benefits students and results in improved achievement outcomes, wellbeing, and engagement in learning.

At Wodonga Senior Secondary College, we develop and deliver learning and teaching programs drawing on the best educational knowledge and practices and strive to offer broad and enriched opportunities to students that are beyond what is required in the standard curriculum and what is provided for by Government funding.

For further information on the Department's Parent Payments Policy, please see a one-page overview attached. We will also have additional information available in our School Portal and website.

PARENT PAYMENTS POLICY

ONE PAGE OVERVIEW

FREE INSTRUCTION

Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the standard curriculum requirements in Victorian Curriculum F-10, VCE and VCAL.

Schools may invite parents to make a financial contribution to support the school.

PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

Other

Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.

Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
