

Wodonga Senior Secondary College

Every Student, Every Opportunity, Success for All

Dear Parent/Guardian,

Wodonga Senior Secondary College is looking forward to another great year of teaching and learning and would like to advise you of Wodonga Senior Secondary College's voluntary financial contributions for Semester 1, 2026.

Schools provide students with free instruction to fulfil the standard Victorian Curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our college can continue to offer the best possible education and support for our students. We appreciate your patience as we transition to our new curriculum contribution processes. We are doing everything we can to make this process as clear as possible for our families.

We want to thank you for all your support to ensure we can provide your child with the best possible education and support they need to achieve their desired pathway. This will make an enormous difference to our college and the programs we can continue to offer with your support.

Within the College this support has allowed us to provide an enriched learning and teaching program for every student and is highly valued by our school community. The commitment from parents to contribute benefits students and results in improved achievement outcomes, wellbeing, and engagement in learning.

At Wodonga Senior Secondary College, we develop and deliver learning and teaching programs drawing on the best educational knowledge and practices and strive to offer broad and enriched opportunities to students that are beyond what is required in the standard curriculum and what is provided for by Government funding.

For further information on the Department's Parent Payments Policy, please see a one-page overview attached. We will also have additional information available in our School Portal and website.

Regards,
